ETTLIN LUX®

MADE FOR UNIQUE PROJECTS

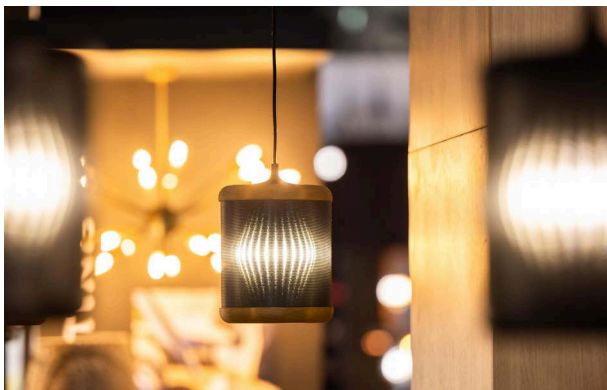

About us

The **ETTLIN AG** was founded in **1836** in Ettlingen near Karlsruhe as a spinning and weaving mill. Still in family ownership, ETTLIN Smart Textiles GmbH develops and produces technical textiles and fabrics. Our patented special fabric, **ETTLIN LUX®**, creates three-dimensional light lines, providing distinctive elegance in your home.

Ambiloom® Collection for Unique Interior Design

The Ambiloom® Collection by ETTLIN LUX® impresses with extraordinary **three-dimensional light effects**.

The products create a highlight in interior design and offer a unique opportunity to enhance a variety of interiors. Thanks to their modern design, the mirrors and lights seamlessly integrate into many spatial concepts. They impress on both **functional** and **decorative** levels, lending an exceptional sense of well-being and atmosphere.

Contact

Your **Ambiloom® expert** is always available to assist with any questions or suggestions. Feel free to contact me and schedule an appointment to experience the Ambiloom® Collection live.
